The situation this week

- **Deliveries:** our on-time-in-full (OTIF) performance has been slipping for a few months, and Coral Coast has noticed.
- **Warehouse:** the chilled room is nearly full.
- **Pallets:** we need 2,000 new plastic pallets for the chilled warehouse and for deliveries to Coral Coast. Procurement has three quotes on the desk.
- **Also on your desk today:** a messy delivery report, the monthly KPI review, a stock review, a carrier invoice to check, a late supplier and some contract questions.
